You will now register yourself (and others -for a school licence)
in 4 easy steps:

1

On the Babelzone main page, click the option:

Use your
promo code!

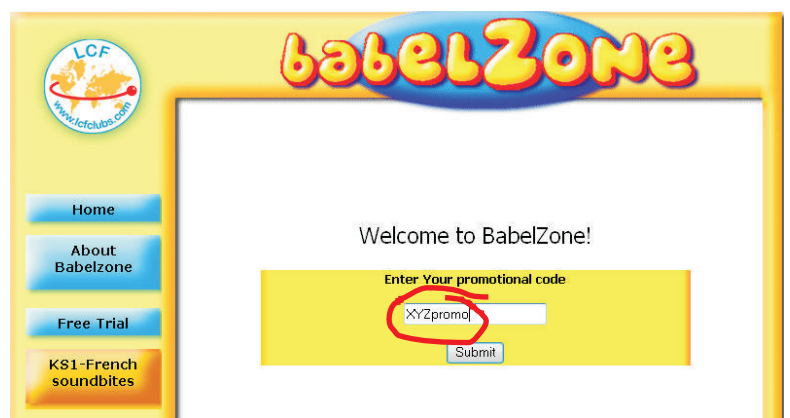

(See the red arrow on the picture.)

2

Now, onto the next screen.
Have your "Promo code" handy because
you need to type it inside the white box.

Click "Submit".

SCHOOL licence subscribers:
If you have a promo code beginning with z,
you can register just 1 username/password.
This will allow multiple computers

The number of computers is usually 10,
but more can be added for a small fee.
